

**WHEN IT COMES TO INSPECTION,
WE HAVE THE VISION!**

STENTSPECT DC

Proudly Invented &
Made In INDIA

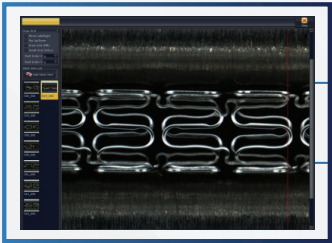

StentSpect DC

StentSpect DC gives is the most convenient & advanced non-contact visual documentation system, with reliable dimensional measurements that covers all the parameters of drug coated stents. Understanding the importance of visual documentation, the machines capture the best possible panoramic images of a drug coated stent which is equipped with the capability to save the high resolution data on your network server or any of the local computer for any future assistance. It has ability to take many images in just a few seconds which covers almost 360° angle and make sure that no part of the stent is left without its image captured that makes the machine a complete infallible to take images for visual

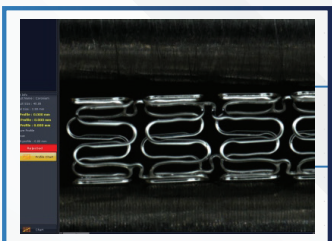

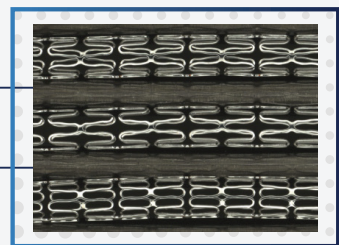

documentation. The machine is flexible when it comes to the size of the stent, it measures stent up to 55 mm of length and 5 mm of diameter which covers most of the stent size. Not only this, but also it is efficient to go smaller and bigger size then said with minimum customization. We understand the importance of time and accuracy while you are into production. The machine is so fast that it can measure average long length drug coated stent in less than just 90 seconds. It gives you power to measure maximum count in the limited time. We assure you that this machine is going to be the best value for the money you spent on the stent inspection.

KEY FEATURES

Advanced inspection system for drug coated stent.

Can measure up to 55 mm length and 5 mm diameter of stent.

Scans average long stent in less than 90 seconds.

SALIENT FEATURES

Unconventional inspection system for drug coated stent.

Advance lightning system, motion control system & high-resolution colorful images.

CFR 21 complaint, with CAD comparison availability.

No human Intervention, least chances of any error.

Can be easily customized as per your requirement.

Easily accessible and user-friendly data management.

In-depth inspection to check drug coating defects.

Having Customer Base in More Than
30 Countries & 5 Continents

India | Botswana | Brazil | Cambodia | China | Dubai | Ghana
Hong Kong | Indonesia | Japan | Laos | Mauritius | Romania
Russia | Singapore | South Africa | South Korea | Spain
Sri Lanka | Switzerland | Taiwan | Thailand | Turkey
United States | Vietnam | Zimbabwe
