This is driven by our passion for creativity and excellence.

Mission

Deliver value to our partners and clients by transforming lives with simple and affordable solutions.

OUR LEADERS

Rajesh Kumar

Founder
and Chairman

Pramod Ghorpade

Co Founder and
Chief Product &
Technology Officer (CPTO)

**Vignesh Kumar**

Co Founder
and CFO

With decades of diverse tech and industry backgrounds, Rajesh, Pramod & Vignesh observed a common challenge:

Companies struggled to keep pace with rapid technological advancements. While they had the tools, they lacked the strategy for effective implementation. This led to the idea of creating a framework that seamlessly integrates advanced technologies with human insight. Our customer's success is AVOHI's mission.

BUSINESS CHALLENGES

From initiating to advancing your digital transformation journey, AVOHI can be your partner for success.

80% of businesses struggle to effectively execute digital transformation strategies

Rapid technological advancements

Lack of effective implementation strategy

KEY PROJECTS DELIVERED SUCCESSFULLY

GRAAVAA

End-to-end ERP development for a German company. The flow included CRM, Order booking, Payment, Manufacturing (just-in-time), tracking, across borders, delivery all in an easy to use admin application both online and offline.

SENSOGRAM & VITAL CARE

Complete healthcare application for elderly and personal care. Solution consisted of IoT based tracking and monitoring, intelligent notifications, fall detection algorithm implementation, cloud & fog based solution and Analytics for health care professionals.

STARCROWD

A novel ideal involving sponsoring upcoming artists with associated benefits through their career. The entire solution was built with blockchain with smart contracts to control the giveaways as the artists grow.

WETNESS SENSOR

This was an IoT solution built for a major FMCG company selling diapers. It included working with BLE wetness sensor design and manufacturing, productising the application to go with the sensor with intelligent notifications and alerts.
