

EOT Crane – Efficient. Reliable. Robust. Single Girder EOT Crane

Our Electric Overhead Travelling (EOT) Cranes are engineered for precision, safety, and durability in demanding industrial environments. Designed to handle heavy loads with ease, these cranes offer seamless material handling across manufacturing plants, warehouses, shipyards, and more.

Built with high-grade components and advanced electrical systems, our EOT cranes are available in both **Single Girder EOT Crane** and **Double Girder EOT Crane** configurations, with customizable span, height, and capacity to meet your exact requirements.

Whether it's lifting, transporting, or positioning heavy materials, our EOT Cranes deliver consistent performance, reduce downtime, and improve operational efficiency.

Key Features:

Capacities ranging from 1 Ton to 300Tons

✓ Available in Single Girder, Double Girder and Underslung Crane models

Certified ISO 45001:2018, Certified ISO 9001:2015, CE Certified
Long-lasting, low-maintenance electric hoists and motors
Anti-collision devices, overload protection, and emergency stop features

Remote or cabin-controlled operation for maximum flexibility
Customization in span, height, and speed available on request
Applications:

- Heavy Engineering
- Steel & Metal Industries
- Automotive Plants
- Warehousing & Logistics
- Power Generation Units
- Cement & Construction Industry

Double Girder EOT Crane

Underslung Crane
