

Jib Crane

“Compact, durable, and easy-to-operate lifting solution”

Wall Travelling

Column Mounted

Jib cranes are versatile and space-saving lifting devices designed for localized material handling. Ideal for workshops, warehouses, and production lines, these cranes feature a horizontal jib arm mounted to a wall or a floor-mounted pillar. They allow for precise lifting and positioning of loads within a defined circular or semi-circular area.

Key Features:

- M. S. Gusset plates / thick base plates giving added rigidity to column.
- Slewing Range: Up to 360° (pillar-mounted) or 180° (wall-mounted)
- Mast fabricated from pipe / rolled steel sections.
- Jib arm made from heavy I-beam with truss or plate construction.
- Installation: Floor-mounted or wall-mounted options available
- Operation: Manual or motorized rotation and trolley travel
- Applications: Ideal for loading/unloading machines, lifting materials at workstations, or assembly tasks

Pillar Mounted
