

PENDENT PUSH BUTTON

- Rugged Protection – nema 4x, IP65 rated, shock, water, and corrosion resistant for indoor / outdoor use
- Ergonomic & Compact – lightweight, one-hand operation with high-visibility design and clear labeling.
- Flexible Control – supports single, two, and five-speed modes with up to eight circuits.
- Built-in safety – mechanical interlock and ground connection prevent mishandling and ensure safety.
- Easy wiring – pre-wired circuits, self-lifting terminals, and strain relief simplify installation.
- Power versatility – compatible with both AC and DC sources.
- Sealed for reliability – gasketed enclosure and waterproof cable grip block contaminants.

RADIO REMOTE CONTROL

- Frequency band and modulation used for signal transmission.
- Transmission range determined by power output and antenna design.
- Communication protocol and type of data transmission.
- Security mechanisms to prevent unauthorized access or interference.
- Use of controllers and processing units for signal encoding and decoding
