

Heavy-Duty | High Lift | Reliable Performance

Double Girder EOT Crane

Tacklers Engineering Pvt. Ltd. offers high-performance **Double Girder E.O.T. Cranes**, meticulously designed for **lifting heavy loads** and **covering longer spans** with superior structural integrity and precision. These cranes are ideal for industries requiring **frequent, high-capacity lifting** and are built with advanced safety features as per **IS-3177** and **IS-4137** standards.

Double Girder EOT Cranes are preferred for their ability to carry the hook between the girders, offering **low headroom advantage** and **higher lifting heights**. The robust box-type girder design ensures enhanced strength and durability, while all components are carefully selected for '**Crane Duty**' applications.

Key Specifications:

- **Capacity:** 0.5 Ton to 250 Ton
- **Span:** Up to 30 meters or more
- **Lifting Height:** Customizable as per site requirement
- **Design:** Box-type girder for maximum load-bearing strength
- **Control Modes:** Pendant, Radio Remote, or Cabin Operated
- **Industries Served:** Steel Plants, Transporters, Power Stations, Fabrication Units, Foundries, Mines, Heavy Engineering Sectors, and more
