Lightball

Illuminate with style and efficiency.

Organization Overview

We are a distinguished organization comprising of highly skilled techno-commercial professionals. Our team holds degrees such as M. Tech from MIT USA, M. Tech from IIT Kanpur, PG from IIFT Delhi, B. Tech from IIT Delhi and Ph.D from University of Akron, USA; and boasts extensive industry experience ranging from 14 to 22 years.

Our Mission

At Eview, we are dedicated to the pursuit of power bill savings and actively contribute to the green revolution by reducing carbon footprints through energy-saving solutions. Our company offers cutting-edge solutions that cater to diverse needs, ensuring optimal Lux levels for Daylighting. We utilise the finest materials sourced globally, guaranteeing a lifespan of 20+ years for our products.

Eview Global boasts a proven track record with

LIGHTBALL

Illuminate with style and efficiency.

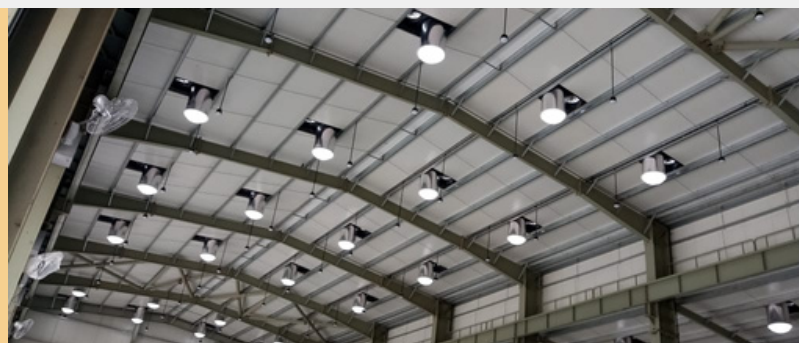

Maximum daylight for any space. The Light Ball is an ideal lighting solution for areas without false ceilings, particularly well-suited for warehouses with racks and large reinforced concrete roofs. **Our Lightball product is the largest in the world with sizes ranging from 300 mm to 1000 mm (11.8 X 39.4 inches)** and offers several notable features, including a prismatic light collecting dome and a wide range of diffusers to meet specific requirements.

With a reflective tube that directs light to the floor, it achieves an impressive light reflection percentage of 95% to 99.9%. It not only includes a roof adaptor designed to match different roof profiles, making it suitable for any roof type, but also provides the highest coverage area among products in its category and ensures uniform lighting distribution without generating excess heat. Moreover, this specific product of our company enhances the aesthetic appeal of the space it illuminates.

Advantages of using a Daylight Harvesting Lightball:

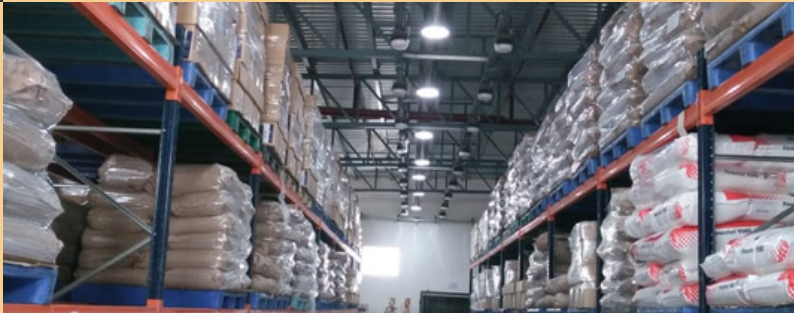

Wide range of dome shape diffuser available as desired.

Customized to fit on any types of roofs structure and suitable for Non false ceiling areas.

Clearly visible from long distance on rooftop area.

Higher light coverage against same competition models.

UV stabilized material used (blocks maximum part of UV rays)

Leakage proof due to heavy rain and other climate conditions.

One time Investment with life span of 12 to 15 years.

Illuminate with style and efficiency. The ultimate lighting solution for warehouses, creating maximum daylight magic with a 95–99.9% reflective glow.
