Know Your Logistics Partner

Established in 2011 with a responsibility to offer best of logistics and supply chain management solutions. We have been recognized and certified as an Authorised Economic Operator (AEO) by Indian Customs. We have a strong

network presence in 24+ cities in India and cater to over 194 countries in the world. We are customer-centric, and provide professional logistics services that make us the preferred logistics partner for many firms.

“For us, Logistics is not just transporting your cargo; it is about communicating your values and commitment, to your customers.”

Our Core Services

AIR FREIGHT

As an accredited member of International Air Transport Association (IATA), Sarvam has developed commercial relationships with all major airlines. This makes us an international freight company with contractual prices. We provide our services across 194 countries and our network is expanded to various corners of the globe. We ensure to handle time-Sensitive, safe, temperature controlled and various other delivery requirements for our customers.

OCEAN FREIGHT

SARVAM is registered member under Indian Ministry of Director General for Shipping as Multimodal Transport Operator (MTO). Experience hassle free shipping as we deliver your products door to door, be it Over-sized / Odd dimensioned, Buyers Consolidated, Warehouse or Temperature Controlled deliveries. we offer best possible sea freight solutions with an access of more than 300 Shipping Routes, partnering leading shipping line and 10000 + Port Points.

CUSTOM CLEARANCE

One of the most important parts of logistics is the customs clearance process. We have cracked the most important and complex process of customs clearance with our experience and knowledge over the last 20 years. Thus, Sarvam ensures complete compliance with freight safety and security regulations. We specialize in handling a wide array of shipments through all Indian Ports.

INTERNATIONAL COURIER EXPRESS

In our day-to-day life we come across several scenarios where we need to send valuable documents, small packages, important papers etc. The need in this case is mostly speed and safety. It requires a different kind of approach to handle small packages. Yes, most cost-effective option for these is International Express Courier services. It fits the size, suits the urgency, fits the price!! Our extensive network with DHL, UPS, Blue Dart and Other players in the market, helps us get the best quote for you with utmost safety.

WAREHOUSE & STORAGE

Storage and warehousing of goods after transit before delivering is a huge part of supply chain. Sarvam Logistics offer contract warehousing for storage and warehousing services for your goods across the globe. To reduce the logistics costs, our warehouses are strategically located near airports and seaports around the world.

CROSS TRADE

No boundary is impregnable when you have our services! Have your buyer, seller and shipper in three different countries. We offer cross trading services to move your goods. Cross Trading avoids unnecessary goods movement and hence reduces shipment time and reduce cost. Proper coordination, maintenance of secrecy, cost effectiveness and timely delivery are the important aspects of cross trading business. We provide the same and ensure a great cross trading experience.
