

SODALTECH[®]

TURN WASTE INTO WEALTH

Sustainable Solutions For Moulded Pulp Product Manufacturing

THINK PULP MOULDING

SODALTECH offers Sustainable Solutions for manufacturing Moulded Pulp products for a wide range of applications, such as egg trays, egg cartons, fruit trays, food service disposables like plates, bowls, lunch boxes and clamshells; and all kinds of healthcare disposables like bedpans, kidney dish trays and urinal bottles besides protective packaging for consumer electronics and a host of industrial products.

SODALTECH's Comprehensive Automatic Machinery range starts from entry-level Reciprocating Model machines to higher capacity Rotary Model machines. The whole production line comes with Pulp Preparation System, Moulding Machines, Driers, Transport Conveyors, After-press Machines, Product Printer and Labelling Machines.

PULP PREPARATION SYSTEM

- Hydra Pulpers with a wide range of pulping capacities that optimise consumption of energy and water to minimise operational costs
- Waste Paper loading conveyor for efficient raw material handling
- Pulp handling equipment such as Agitator, Vibrator Screen, Refiner, Vacuum Pump, Water separator tank, Back Water Pump, Pulp Lifting Pump etc.

AUTOMATIC ROTARY MOULDING MACHINE

- Multi-side Automatic Rotary Moulding machine with automatic product forming and transfer mechanism
- Equipped with a Stainless Steel Vat with a constant pulp flow system
- Servo driven transfer arm
- Automatic Mould cleaning system

ON-LINE MULTI-PASS DRIER

- Synchronised with the Moulding machine
- Insulated construction to conserve energy
- Various heating options such as gas, diesel, electric and thermic heating
- Set Temperature cut-off system
- Finished product delivery conveyor
- Can be attached to an automatic stacker

ONLINE AUTOMATIC HOT PRESS MACHINE

- Easy integration with On-line Drier
- Automatic feeding of unfinished products
- Pre-conditioning by automatic humidifier
- Automatic delivery & stacking of finished products
- Highly versatile to finish egg cartons of various cavities such as 6+6, 10, 12, 15, 18 etc & Cup Carriers

50+
YEARS
EXPERIENCE

70+
COUNTRIES

900+
INSTALLATIONS

Founded in 1970, we are Asia's leading provider of technological solutions for the paper conversion and pulp moulding industries. With over 50 years of experience, Sodaltech has become the industry leader and the most trusted source for innovative, reliable and technologically advanced machinery that is skillfully designed and carefully made. Our company works relentlessly to provide cost-effective and expert solutions for our customers in over 70 countries. Our constant commitment to a brighter and more sustainable environment has set our sights firmly on the future.
